

DVD BOOKLET
SINGLE PAGES
4.75" X 7.25"

Make 8 separate facing pages in your document like this, each one 4.75" x 7.25".

This example is for an 8-page booklet. For more pages, follow this pattern, adding pages in multiples of four.

Note: No bleed is necessary on pages 2-7 in the middle where the pages meet.

- Trim
- Text-safe boundary - No text outside this area. Keep text 1/8" away from all trim and fold lines.
- Bleed - Extend all art/pictures to this line, 1/8" outside the trim.
